

The DEN is a mutual support group for male d/Deaf people in the criminal justice system. This support group is set up together with CMS and funding from the Movember Foundation.

It is a place where men can talk freely about their experiences. The DEN will provide assistance in accessing support, employment and training opportunities. The group will link into Manchester Deaf Centre's other services. It will look at activities members can do together to build confidence and a sense of achievement and move away from the cycles of offending behaviour.

Who is it for?

18+ Males who are:

Deaf, deafened or hard of hearing

Formerly prisoners or in the criminal justice system

Feeling isolated and marginalised

Unemployed and have limited prospects for work

Looking for support and to share experiences

If you are interested or know anyone who would be interested in The DEN please contact:
